????????

Fixed terminal blocks with universal application into electrical distribution boxes. For DIN-rail mounting. Variety of sizes for optimum using of available space by selection of appropriate terminals for the corresponding conductors. Made of non-flammable insulation polymeric material.

Technical characteristics:

- Rated voltage: up to 800V
- Rated current: up to 125?
- Section of the conductor: $0.2??^2 \div 35.00??^2$
- Material: non-flammable polymer
- Colour: grey, red, black, blue
- Insulation: one-sided
- Mounting: on a DIN rail

Advantages:

- Their small size makes them preferable when wiring in limited space areas
- Secure, fast and easy to use
- Enable making of many commutations on small areas
- Easy for installation and dismantling

Applications:

- Public buildings
- Industry
