Technical characteristics:

- Rated operating voltage: 230/400V; 50/60Hz
- Rated current: 20-100?
- Isolating voltage: ?500V
- IP code: IP>20
- Number of poles:1,2,3,4
- Operating temperature: -20°÷55°?

Advantages:

- Easy mounting
- Long life
- High reliability

Functions:

- Breaking of electrical circuits
- Switching on/off heavy loaded electrical circuits
- As a main circuit breaker
- Protection of heavy loaded electrical circuits

Applications:

- Industrial and administrative buildings

Mounting: On a DIN rail

Standards: ?N60947-3
